Investment policy

The fund invests mainly in highly rated investment grade Danish bonds. The fund is categorised as article 8 under SFDR and promotes environmental and/or social characteristics, as well as good governance practices, through screening, exclusions, investment analysis and decision-making as well as active ownership. The fund follows Danske Invest's responsible investment policy. The fund usually invests in securities that are rated AAA (or similar) at the time of purchase. However, it may hold securities with a lower credit rating. In actively managing the fund's portfolio, the management team selects securities that appear to offer superior investment characteristics.
