

Objectives and investment policy

Objectives

The objective of this fund is to achieve a performance that is at least equal to that of long-term Danish bonds. The share class is accumulating.

Investment policy

The fund invests mainly in highly rated investment grade mortgage bonds that are denominated in Danish Krone (DKK).
The fund is categorized under SFDR as article 8 and promotes environmental and/or social characteristics, as well as good governance practices, through screening, restrictions, investment analysis and decision-making as well as active ownership. The fund follows Danske Invest's responsible investment policy. The fund usually invests in securities that are rated AAA (or similar) at the time of purchase. However, it may hold securities with a lower credit rating. In actively managing the fund's portfolio, the management team selects securities that appear to offer superior investment characteristics. The fund may use derivatives for hedging and efficient portfolio management. The total modified duration, including cash and the adjustment for estimated premature redemption risk, ranges from 3 to 9 years. Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 3 years.

Return in the period: 28.02.2018 - 28.02.2023

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results. Future returns may be negative. The return may increase and decrease as a result of currency fluctuations if the fund is issued in a currency other than the currency used in the country in which you are domiciled.
