Risk indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products.

Return in the period: 24.08.2022 - 30.06.2025

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results. Future returns may be negative. The return may increase and decrease as a result of currency fluctuations if the fund is issued in a currency other than the currency used in the country in which you are domiciled.
