NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

The unaudited financial statements have been prepared in accordance with generally accepted accounting principles and laws and regulations in force in the Grand Duchy of Luxembourg applicable to UCITS.

a) Valuation of investments in portfolio

(i) The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.

(ii) The value of assets which are listed or dealt in on any stock exchange is based on the last available price on the stock exchange which is normally the principal market for such assets.

(iii) The value of assets dealt in on any other Regulated Market is based on the last available price.

(iv) In the event that any assets are not listed or dealt in on any stock exchange or on any other Regulated Market, or if, with respect to assets listed or dealt in on any stock exchange, or other Regulated Market as aforesaid, the price as determined pursuant to sub-paragraph (ii) or (iii) is not representative of the fair market value of the relevant assets, the value of such assets will be based on the reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the SICAV.

(v) The liquidating value of option contracts not traded on exchanges or on other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established by the Board of Directors of the SICAV, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forward or options contracts traded on exchanges or on other Regulated Markets shall be based upon the last available settlement prices of these contracts on exchanges and Regulated Markets on which the particular futures, forward or option contracts are traded by the Fund; provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors of the SICAV may deem fair and reasonable. Swaps will be valued at their market value established by reference to the applicable interest rates' curve.

(vi) Units or shares of open-ended UCIs will be valued at their last determined and available net asset value or, if such price is not representative of the fair market value of such assets, then the price shall be determined by the Board of Directors of the SICAV on a fair and equitable basis.

This adjustment reflects the estimated tax and dealing costs that may be incurred by the fund as a result of these transactions, and the estimated bid-offer spread of the assets in which the fund invests. A periodical review is undertaken in order to verify the appropriateness of the swing factor being applied.

As at period end, no swing pricing was applied.

NOTE 4 - INVESTMENT MANAGEMENT FEES, MARKETING FEE AND PERFORMANCE FEE (continued)

Marketing fees

In addition the Fund pays the Management Company a marketing fee (the "Marketing Fee") amounting to a percentage of maximum 0.10% p.a. of the Net Asset Value determined in respect of each Sub-Fund and/or class in the relevant Sub-Fund's appendix of the Prospectus.

No marketing fees applicable on Class I.

Performance fees

The Investment Manager is also entitled to receive a performance fee from the Sub-Funds Danske Invest SICAV - Europe Absolute, Danske Invest SICAV - Europe Long-Short Dynamic and Danske Invest SICAV - Europe Long-Short Dynamic Plus calculated, accrued and locked on each Valuation Day and paid annually in arrears on or after the last Valuation Day in each financial year. If a performance fee is payable in relation to a relevant Class, the performance fee shall be an amount equal to 20% of the Outperformance.

Between two successive calculation dates the Outperformance will be calculated for each relevant Class as the Net Asset Value per Share before additional performance fee accruals minus the higher of:

- The Net Asset Value per Share at the end of the immediately preceding Valuation Day, accrued with the Hurdle Rate (as defined below) and
- The High Water Mark Net Asset Value (as defined below) accrued with the Hurdle Rate (as defined below).

The Hurdle Rate is the Risk-free Rate on a pro rata temporis basis up to the relevant calculation date.

Risk-free Rate EUR: Defined as the European Central Bank's lending rate (the repo rate);

Risk-free Rate NOK: Defined as Norges Bank's sight deposit rate (the repo rate);

Risk-free Rate SEK: Defined as Sveriges Riksbank's lending rate (the repo rate);

The High Water Mark Net Asset Value per Share is defined as the greater of:

- The Net Asset Value per Share of the relevant Class being the Subscription Price at which Shares of the Class was issued on the launch of the Sub Class; and
- The Net Asset Value per Share of the relevant Class at the end of the immediately preceding Valuation Day, on which a performance fee was charged.

Each time the Sub-Fund outperforms, the outperformance is locked in favour of the Investment Manager. Whenever a positive outperformance level, previously reached, is not achieved thereafter, a High Water Mark Net Asset Value per Share is memorised for the purpose of the performance fee calculation.

In case a performance fee has not been paid for a 3 year period, a reset will be done at the year end of the third year, in order to define the High Water Mark as the Net Asset Value per Share of the relevant Class at the end of the year.

Since the performance fees are calculated, accrued and locked on each valuation day and paid annually it is possible that the value of the Shares of Shareholders may reflect performance fees accrued during a part of a year even though they may incur overall losses during such year as a result of the time at which they subscribe or redeem Shares.

NOTE 5 - CUSTODIAN FEES, CENTRAL ADMINISTRATION FEES, TRANSFER AGENT FEES AND OPERATING AND ADMINISTRATIVE EXPENSES
