Investment policy

The fund invests mainly in emerging and frontier market equities. The fund adheres to the Responsible Investment Policy of Danske Bank and restricts certain sectors and companies from its investment universe. The fund generally expects that its holdings, and therefore its performance, may differ significantly from those of the benchmark. The fund may use derivatives for hedging and efficient portfolio management, as well as for investment purposes. The fund may invest in Chinese A-shares subject to quota and operational constraints, which may increase legal and counterparty risk.
