

Objectives and investment policy

Objectives

The objective of this fund is to achieve above-market performance. The share class is accumulating.

Investment policy

The fund invests mainly in inflation-linked bonds with a short duration. The fund adheres to the Sustainable Investment policy of Danske Bank. Specifically, the fund invests at least two-thirds of net assets in bonds and other debt instruments that are rated Baa3/BBB- or higher (or similar). In actively managing the fund's portfolio, the management team selects securities that appear to offer superior investment characteristics. The fund generally expects that its holdings, and therefore its performance, may differ somewhat from those of the benchmark. The fund may use derivatives for hedging and efficient portfolio management. The total duration, including cash, is the benchmark duration plus or minus 2 years. Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 3 years.

Return in the period: 20.12.2017 - 30.09.2020

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results.
