

Objectives and investment policy**Objectives**

The objective of this fund is to achieve above-market performance. The share class is accumulating.

Investment policy

The fund invests mainly in Swedish bonds that have a short duration and money market instruments.

The fund promotes various environmental and social characteristics and good governance practices through a commitment to systematically identify and address sustainability factors throughout the investment management processes and through active ownership.

The fund may invest in, or be exposed to, the following investments up to the percentage of net assets indicated: unrated bonds: 20%.

In actively managing the fund's portfolio, the management team selects securities that appear to offer superior investment characteristics.

The fund generally expects that its holdings, and therefore its performance, may differ somewhat from those of the benchmark.

The fund may use derivatives for hedging and efficient portfolio management, as well as for investment purposes.

The total average modified duration, including cash, is less than 1 year.

Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 1 years.

Return in the period: 30.06.2016 - 30.06.2021

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results.
