

Objectives and investment policy

Objectives

The objective of this fund is to generate a return at least equal to the return on the German equity market. The fund is accumulating.

Investment policy

The fund invests mainly in equities and equity related securities of companies domiciled in, or with main activity, in Germany and listed or traded on a regulated market.

The investment strategy is active. This means that we aim to find the best investments to generate the highest possible return with due consideration to risk. The strategy implies that the investments in the portfolio may deviate from the benchmark, and that returns can be either higher or lower than the benchmark.

Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 8 years.

Return in the period: 28.05.2015 - 30.04.2017

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results.
