

Objectives and investment policy

Objectives

The objective of this fund is to generate a return in excess of the current inflation. The fund is accumulating.

Investment policy

The fund invests mainly in index bonds primarily issued by OECD-countries or guaranteed by one or more OECD-countries. The bonds are listed or traded on an official stock exchange or another recognized market place.

The investment strategy is active. The fund invests mainly in investment grade bonds. The currency risk is limited since the fund aims to hedge currency risks of non-euro denominated investments.

Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 4 years.

Return in the period: 28.05.2015 - 30.09.2017

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results.
